- Web and Mobile App Development
- Integrity
- Tailwindcss
- PostgreSQL and MySQL
- Dedicated
- React
- Agile Development
- Docker
- DevOps
- Ethical Hacking
- Linux
- Python and C#
- Eager to Learn

## Experience and Projects

JUNE 2023 - AUGUST 2023

### **Dollar General Inc, Goodlettsville, TN - *DGMN Insights Intern***

During my time with Dollar General's Media Network Customer Insights team, I was exposed to various tasks and skills in the media networking world. These skills included data analysis, identifying relevant trends, and presenting findings. I learned how to prioritize important information to improve media marketing strategies for DGMN clients.

#### **Personal Website** -

Resume website that showcases links to my projects and tells more about me.

#### **Fake news detector** -

Machine learning project for a class that identifies whether text is a real article.

#### **BeKindly.today (Backend)** -

Team project for a class. Web app influenced by BeReal but instead of selfies, prompts acts of kindness daily.

## Education

AUGUST 2022 - MAY 2024

**Freed-Hardeman University, Henderson, TN** - B.S. Computer Science, Information Systems

AUGUST 2020 - MAY 2024

**Cumberland University, Lebanon, TN** - A.S. General Science
